The Coutts Foundation, established in 2013, is an independent charity registered in England and Wales. Our mission is to support sustainable solutions to tackle the causes and consequences of poverty, focusing on the communities where Coutts has a presence.

For an overview of our current focus please see the information at coutts.com/coutts-foundation.html.

The Foundation adopts a proactive approach to its philanthropy and in its identification of organisations to support. It is especially interested in organisations that are developing innovative solutions and/or those whose successful work has the potential to be scaled-up. At this stage the Foundation does not accept unsolicited proposals for support. However, if you wish to bring to the Foundation's attention information about your organisation or programmes that fit with our funding priorities please complete the following information (no more than two pages please) and either email it to coutts.foundation@coutts.com or post it to: Coutts Foundation, 440 Strand, London WC2R 0QS.
